

	Standard	Limited Edition	
Model	AR-721HB-V3	AR-721HB-VS	AR-721HB-VSL
	Standalone/Network	Standalone	Network via AR-716E
RS-485	YES	NO	YES
RTC	YES	NO	NO
WG Input	YES	NO	NO
Cable Set	Standard 4 pcs cable 	2 pcs cable 	3 pcs cable 

Notes for AR-721H-VS:

-AR-721HB-VS has no RTC(Real-Time Clock) to set up Time Zone & Auto Open Time Zone. **NO WG Input** means VS/VSL version could not connect with WG reader , only can connect Push button for Exit.

- AR-721HB-VS has built-in **TTL**, it can connect to computer via two converters(**AR-725L485+AR-321CM**) and use ISP Tools to upgrade firmware and reset master code, but it couldn't work with 716E and 701Server/Client.
